VOLUME XXXIV (1977) CONTENTS

Number 1

Editorial.

The definition of the aims of paediatrics teaching. Working group of the Société de Pédiatrie de l'Ouest 5

Original articles.

G. Ponsot, G. Lyon : Bourneville's tuberous sclerosis. Clinical and genetic study in 59 children 9

N. Eliot, M. Deniel : Study of growth form 0 to 18 months. Are the infants supervised in out-patient clinics a valuable reference for such a study ? 23

C. Roy : Familial pseudohypoaldosteronism (5 case reports) 37

Case records.

J. Romieu, F. Montoya, C. Frèrebeau, M. Marty-Double, Ph. Castan, D. Rieu, A. Bonnet, R. Jean : Diffuse hamartoma of the cerebellum and brain stem in a child 55

M.-C. Lelong-Tissier, J.-M. Retbi, M. Dehan, M. Vial, R. Frydman, J.-C. Gabilan : Maternal and fœtal hyponatraemia following a sodium deficient diet during a multiple pregnancy 64

Radiology.

The case of the month 71

Pediatric pharmacology.

G. Olive, C. Dreux : The pharmacological basis of the use of benzodiazepines in perinatal medicine 74

Practical pediatrics.

J.-Ph. Montagne, Cl. Fauré : How to read an x-ray examination of the small intestine in children, by oral route 90

Number 2

Editorial.

G. Vermeil : Isn't the school a major concern for the paediatrician also ? 105

Editorial.

G. Vermeil : Isn't the school a major concern for the paediatrician also ? 105

Original articles.

M. David, J.-J. Madjar, D. Floret, L. Sann, M. Terrier, M. Jeune : Albright's type II osteodystrophy and hypothyroidism related to a defect in TSH. A case report 108

J.-P. Babin, D. Allain, J.-L. Demarquez, J.-M. Bondonny, H. Léger, Cl. Martin : Adrenal cysts in the newborn. 2 case reports 130

S. Khadraoui, V. Lopez, B. Hamza, N.-J. Smith : Cellular immunity in protein-caloric malnutrition 143

C. Ricour, J.-F. Duhamel, C. Nihoul-Fekete : Continuous gastrointestinal infusion in children. Technique and indications in 170 cases between 1969 and 1975 .. 154

Case records.

C. Ribot, G. Dutau, C. Manelfe, H. Bouissou, P. Rochiccioli : Symptom-free parathyroid adenoma. Determination of parathyroid hormone concentration by selective catheterization of the thyroid veins 171

J.-L. Demarquez, C. Vital, J.-P. Babin, D. Allain, J.-M. Bondonny, M. Sautarel, F. Rancon, Cl. Martin : Islet-cell adenoma with neonatal onset. Clinical, hormonal and ultrastructural studies in a case 179

Radiology.

C. Fauré, J.-Ph. Montagne : The case of the month 193

Letters to the editor 195

Number 3

Editorial.

A. Dalous, C. Régnier, P. Rochiccioli, Ph. Barthe, J. Ghisolfi, J.-P. Carrière : Has the hospital paediatrics to be reorganized ? 201

Original articles.

H. Hornych, C. Amiel-Tison : Salt and water retention in low birth weight infants. Pathophysiological discussion 206

J. Vasquez-Pérez, P. Frontéra, J.-M. Caffaréna : Scimitar syndrome in childhood. Three cases reports 219

M.-O. Livet, J.-L. Chaussain, G. Lyon : Schilder's disease with adrenal insufficiency (adrenoleucodystrophy). 5 cases reports 232

Case records.

F. Gillot, J. Quézède, A. Sellah : Diaphragmatic-hepatic interposition of the diaphragm in childhood (Chilaiditi's syndrome) 248

J. Navarro, P. Guran, M. Boureau, D. Nicoladze, G. Weisgerber, P. Roussel, M. Perrier : Pancreatic-peritoneal fistula in an infant with haemorrhagic ascites 258

Radiology.

C. Fauré, J.-Ph. Montagne : The case of the month 265

Pediatric pharmacology.

A. Brachet-Liermain, P. Loiseau, B. Cenraud : Anticonvulsants 268

Practical pediatrics.

P. Mozziconacci : Anaphylactoid purpura 282

Supplement I

Pediatric Research

Published with the aid of
Institut National de la Santé et de la Recherche Médicale

V. Stanescu, R. Stanescu, P. Maroteaux : Morphological and biochemical studies of epiphyseal cartilage in dyschondroplasias I

Number 4

Editorial

M. Manciaux : New aspects of social pediatrics 293

Original articles.

J. Kachaner, J.-M. Nouaille, A. Batisse : Major cardiomegalies of the newborn .. 297

A. Bourrillon, F. Beaufils, B. Lesage, G. Huault, H. Mathieu : An explanation of ventilation problems in congenital heart disease with left to right shunt 323

J.-G. Juif, D. Maitrot, M. Pierson, N. Heldt, F. Buchhait, J.-Cl. Luckel : Cerebral tumours of primitive germinal origin 335

F. Beaufils, A. Azancot, C. Gaultier, J.-M. Huraux, A. Bourrillon : Severe viral pneumonia. A radiological classification with prognostic value 347

Case record.

J.-P.-G.-M. Van Biervliet, E.-F. Van Leeuven, N.-G.-G.-M. Abeling, H. Fabery de Jonge, K.-O. Liem, S.-K. Wadman : The early diagnosis of Maroteaux-Lamy syndrome with confirmation of the absence of arylsulphatase B 362

Radiology.

C. Fauré et J.-Ph. Montagne : The case of the month 371

Pediatric pharmacology.

M. Weber, M. Schweitzer, J.-M. Mur, M. André, P. Tridon, P. Vert : Epilepsy, anticonvulsants and pregnancy 374

Number 5

Editorials.

C. Nézelof : Pediatric pathology 389

A. Orsini : Medico-social aspects of hemoglobinopathies 393

Original articles.

L.-N. Rossi : Encephalomyelo-radiculoneuropathy. C.N.S. participation in acute polyradiculitis in childhood 399

D. Thibaud, G. Huault, Ch. Bach : Reye's syndrome 406

J.-P. Gout, J.-C. Serre, M. Dieterlen, I. Antener, P. Frappat, M. Bost, A. Beaudoing : A new cause of hypermethioninaemia : S-adenosyl-methionine synthetase deficiency 416

J. Sénécal, M.-C. Grosse, A. Vincent, J. Simon, J.-N. Lefrèche : Bone maturation of fetuses and newborns 424

Case records.

A. Batisse, J. Kachaner, M. Thibert, G. Lemoine : Two case reports of solitary pulmonary arterio-venous fistulae presenting in the neonatal period 439

F. Deméocq, G. Malpuech, H. Perrimond, M.-J. Bezou, B. Palcoux, M. Coulet : Diabetes insipidus revealing erythroleukemia 449

O. Dulac, P. Zamet, A. Bonnefond : Exsudative gastro-enteropathy revealing an allergy to shell-fishes 455

Radiology.

C. Fauré, J.-Ph. Montagne : The case of the month 457

Social and preventive pediatrics.

P. Royer : About a new section 459

M. Manciaux : New dimensions of social pediatrics 460

Pediatric pharmacology.

P. Rossignol : Sensibility of mothers and children to analgesics and antipyretics .. 463

Letters to the editor 474

Number 6

Editorials.

P. Royer : The syndrome of the « anxious paediatrician » 481

E. Papiernik : Premature delivery and its prevention 488

Original articles.

G. Moriette, J.-P. Relier, J.-Cl. Larroche : Intra-ventricular hemorrhages during the hyaline membrane disease in prematures 492

C. Ricour, J.-F. Duhamel, C. Nihoul-Fékéte : The use of enteral and parenteral nutrition in the treatment of Crohn's disease and ulcerative colitis in children 505

C. Ponté, C. Dupuis, J. Rémy, P. Lequien, C. Rey, B. Risbourg, G.-M. Brévière : Halasz's syndrome with neonatal discovery by pulmonary arterial hypertension (4 case reports) 514

D. Willard, E. Philippe, M. Frey, J. Messer, J.-C. Fournier, M. Jost : Placenta anomalies and neonatal evolution of hypotrophic children 527

Case records.

M. Péraldi, J. Grèze, J.-M. Emberger, M. Navarro, A. Serre, R. Dumas, R. Jean : Auto-immune panhaemopathy with lymphoid hyperplasia in a child 533

M.-F. Denavit, Cl. Lecointre, E. Mallet, Cl. de Ménibus, A. Rossier : An accident of amnifœtography : hypothyroidism 543

C. Ricour, J.-F. Duhamel, G. Lesec, O. Schweisguth : Choleriform diarrhea in a case of ganglio-neuroblastoma : Evidence of a high plasma level of « vaso-active intestinal peptide » (V.I.P.) 552

Radiology.

C. Fauré, J.-Ph. Montagne : The case of the month 557

Social and preventive pediatrics.

J.-P. Deschamps, F. Serre-Boisseau, R. Bleyer, M.-T. Dupé, H. Dupin : An enquiry of the infant feeding : educational action for breast-feeding 559

Pediatric pharmacology.

A. Frédérich : Metabolic variations of vitamin D 565

Letters to the editor 574

Number 7

Editorials.

Ph. Guran, D. Suez : Immune work-up. When ? How ? Why ? 585

P. Royer : The A.P.U.D. system and pediatric pathology 590

Original articles.

J. Battin, M. Colle : Heterogeneity of the cryptorchid syndrome 595

F. Bury, H. Willekens, P. de Waele, G. Marchal, R. Kerremans, E. Eggermont : Aglossy-adactyly associated with jejunal atresia 604

G. Mathé et al. : Results of three protocols of treatment for acute lymphoid leukemia in children 611

Ch. Bonte, D. Barberis, E. Maillard, B. Rousselle, E. Dervaux : Colic stenosis following necrotizing enterocolitis in newborns. Three case reports 622

E. Mallet, S. Bousnina, Ph. Tron, J.-P. Basuyau, Ph. Brunelle, C.-H. de Ménibus : Hyperparathyroidism in rickets of vitamin D deficiency. Evolution after vitamin D-therapy 632

C. Genin, J.-L. Touraine, F. Berger, P.-A. Bryon, A. Valancogne, N. Philippe, P. Monnet : Generalized BCGitis associated with a mixte and severe immune defect. Unfavourable evolution in spite of an attempt of bone-marrow grafting 639

Case records.

A. Safar, J.-L. Bacri, D. Got, J.-C. Job : Congenital hypothyroidism in a woman and her daughter 649

M. Odièvre, P. Chaumont, M. Gautier, J.-M. Vermès : Transitory hepatic peliosis in a child 654

P. Bourée, O. Dulac : Agranulocytosis during a visceral leishmaniasis treated by antimony 659

Radiology.

C. Fauré, J.-Ph. Montagne : The case of the month 663

Social and preventive pediatrics.

M. Bouras, G. Raimbault : Evolution of personality after renal transplantation in children 665

Pediatric pharmacology.

M. Hummel, F. Lhoste, J.-P. Tillement : The pediatrical use of cardiotonic heterosides 671

Letters to the editor..... 684

Supplement II

Pediatric research
Published with the aid of Institut National de la Santé et de la Recherche Médicale

C. Francoual, J.-P. Relier, F. Thérain : Interest of the measurement of total blood cell volume in newborns with respiratory distress LXXXIII

C. Ricour, J.-F. Duhamel, J. Gros, B. Mazière, D. Comar : Estimates of trace element requirements of children who are receiving total parenteral nutrition XCII

H. Nicolas, N. Ravise, J. Boué, A. Boué : A comparative study of the development of trisomy 21 concepti and the growth of their cells *in vitro* CI

F. Rey, J.-P. Harpey, R.-J. Leeming, J.-A. Blair, J. Aicardi, J. Rey : Hyperphenylalaninaemia with normal phenylalanine-hydroxylase activity. Deficiency of tetrahydrobiopterin and dihydropteridine-reductase CIX

G. Martin-Bouyer, H. Veiga-Pirès, P.-A. Brandimiller : Use of a computer in the management of a programme of vaccination CXXI
